I am single and have been back in Grand Rapids for two years. I live less than 1/2 mile from where I grew up and feel very mich at home. I work only four hours a day, which leaves me time to do fun things. I love to garden, swim. I sell antiques on E-Bay in the evenings. My mother (86) and I are headed to Europe in May and I am so looking forward to a special time and a special trip.

Married for 35 yrs. to Ken (Wyoming Park '62) who taught and coached at Zeeland 'til retirement. We have 2 great kids, Ryan (29) and Julie (27). They are both single, free-spirit types who love to travel and have spread their wings to Palo Alto, CA (from Fairbanks, AK) and Seattle, WA. (I've decided not to take this personally!) This gives us lots of excuses to use our "airplane miles". However, all you grandpas and grandmas out there: consider me jealous!

After WMU days, I taught at West Middle School (GR) and Jenison Jr. High before starting a family. I'm currently an office manager at ATCON International in Holland. (thnak gudnes; I tuk Tpyiing @ creSTon!)

My truly priceless memories are of good friendships, LOTS of fun, and great teachers (and a little minor mischief). I loved Mr. Burgett, felt sorry for Miss Dunham (especially when John Klomprens climbed out her classroom window), and appreciated Mrs. De Loof and Mr. Kaye, who gave all the girls 10 free points on their Driver Ed. test "because they were girls and weren't supposed to know about engines". Try THAT today! Also, will never forget those talent shows! See you at the reunion.

Married 39 years. We have two daughters, a wonderful son-in-law and three grandchildren.

When my husband, Ken, suffered a massive stroke six years ago, I left my job to help him at home. Life can be hard, but God is always good.

I'm sure, as we all age, that family, friends, and faith become much more deeply rooted. Creston was a great place to learn the beginning of those things.....a place to learn some of life's best lessons. A bunch of country girls did The Tennessee Wig Walk in our freshman year for the talent show and it still brings a quick smile.

Married, 4 Children, 12 grandchildren (11 Grandsons, one Grandaughter). My oldest grandson is a member of the U.S Marine special forces and is assigned to Camp David to guard the President when he is there. We live on the South East coast of Florida on Hutchinson Island, a barrier island. I work as sales manager for a large boat dealership with four stores and travel the Bahamas as often as possible. I'm most at home with a fishing pole in one hand and a cold beer in the other.

Went from cars to motorcycles to boats. Like the boat business the best. Presently, Sales Manager, Sundance Marine, Jensen Beach, Florida.

My locker combination....40-22-36. Crusin downtown Grand Rapids from Veterans Memorial Park to Big Boy and back. Good rock and roll music, the kind you can't hardly find anymore. Listening to WGRD and WLAV on the radio and the dances at the Armory on Friday nights. Cherry Cokes and Lime Phosphates at the drug store for lunch. Five cent Cokes. Stopping at the gas station and telling the attendant (remember them?) \$5.00 worth or fill it up which ever comes first. Great friends that I have lost touch with, but hope to see this October.

I have been married to my second - and last - wife Nancy for the last 23 years. We have a daughter, Lisa and two grandkids, Joe and Nikki, who live in Lafayette, Indiana (The home of Purdue University where I graduated in 1968). Since leaving Creston, I have lived in Indiana, California, Iowa, Kentucky, Ohio, Illinois, (believe it or not) Saudi Arabia, and finally - and lastly - Texas. We live between San Antonio and Austin in the beautiful Texas Hill Country on 15 acres, in a log house and raise horses, Boer goats, llamas, and Gordon Setters. Who would have figured me for a "Texas rancher?" I am currently Vice President of the San Antonio MDA, have co-hosted the Jerry Lewis Telethon in San Antonio for 5 years, and serve as VP of the Comal Public School Foundation.

After leaving Purdue, I did a short stint with the Los Angeles Lakers and the Harlem Magicians. I was forced into retirement after blowing a disk. After that, I worked for several corporations including Pfizer Pharmaceuticals, and the Arabian American Oil Company (ARAMCO) as a personnel manager, training manager, and administrative manager. In April, I retired from Wal-Mart where I was also a personnel manager at a distribution center. I have returned to school to get my teaching certificate. I have always wanted to teach and coach basketball and now I can afford to.

Coach Bob Johnson, who gave me a chance when lots of others didn't think that was the right thing to do (If anyone knows how to reach Bob, I'd give my left arm to thank him for all he did - let me know - PLEASE!). Brian Hamacher who came to Creston in his senior year, just like me and faced an adjustment, just like me. We have remained friends over the years and have stayed in contact. I wish I had done the same with others. The basketball team who took me on, worked their butts off with me during the summer between our junior and senior years. Thanks guys - I have never forgotten what you did for me. Earland Ezell, who made room for me when I know it was hard for him to do so - a special thanks to you Earl! I hope you read this and you are doing well. Beating Union! Dick Weed and the "Music Man." What a great school Creston was and I hope still is. I am grateful to all of you who accepted me so well and gave me a great senior year. Mrs. Ostrander and Human Anatomy & Physiology. Mr. Black (correctly as usual) straightening me out on Mrs Ostrander.

Married to David for 38 years this August. We have five children and four grandchildren, two more on the way. David is a farmer-rancher so we don't travel much. Went to Isreal when our oldest lived there, to Mexico with the girl scouts, and to England. Used to visit Michigan twice a year when my parents were alive. Hope to travel more when David retires.

I have my Masters degree in education and have taught elementary, junior high, and college classes. Mostly I help on the farm with the bookkeeping, household chores, and serve on the local school board. We have a girl from Germany staying with us this school year.

I remember taking roll in the auditorium our senior year, being picked on by the debate team, having lots of Judys in my classes, walking the long sidewalk to the school, and finding lots of smiling faces in the hallways - Nancy, Rita, Kay, Joan, Lillian, Sandy, Nelda, Jeanne, Ruth, Karen, Dee, Wendy, Leon, Paul, Ray, Bob, Dave, Cj, George, Alan and on and on and on. My memories of the olden days are getting better - what does that mean?

Divorced from first Husband, and 10 yrs later remarried to Husband David for 19 yrs. two beautiful Step-children Hillary in U.S. Air Force, stationed in Boston present time. Brandon here in Wyoming, MI. Two very special adopted Daughters, our neices my Husband's Brother's girls. Our oldest Teri suffers from FAS and our youngest Amanda only the Effects. They keep me pretty busy and, are both going into the 10th grade at good old Creston High. Teri is in their TMI Program and Amanda is in regular Ed. and struggling. Does seem strange to walk the halls now, it's so different, but then it's been 40 yrs. No Grandkids as yet.

A lot of years of working to hard for to little pay. HA!

Involved with Union Contracts, a lot of headaches.

Mr. Coleman made a lasting impression on me from the 7th grade on, I do remember Mr. Burgett. Mrs. Gladys Landis Attendance Office, got to work with her. Neat lady, Dorothy Lawyer too. Do unto others as you would have them do unto you, something that didn't always happen in our class.

I have been married to Rog McClain for 38 years now. We were high school sweethearts....him at South High and me at Creston. We had three children, 2 sons and then a daughter. Grand children are the most fun yet! Our three children live within a few miles of us so we get to see all nine grand children all the time! We have three of them starting school this year.....they just grow up too fast! We love family outings. They all like to camp or visit us when we camp, and going to Michigan Adventure with all of them is an adventure too! Our children all know that a grandma gets to do what a grandma wants to do.....the grand children have caught on too! Life is a lot of fun right now, and we are just busy making lots of fun memories and taking lots of pictures!! God has blessed us with a happy home and a healthy family and we thank Him each day for all his blessings!!

I have worked at Spartan Stores, Inc. for the last 19 years. Most of that time I have worked in the General Merchandise purchasing department. I started out as the Administrative Assistant to the VP of the department, have been an assistant buyer for the seasonal desk (fun things like Christmas and toys), and now work with the GM Sales side of the department. I like my job, but am looking forward to being able to retire too!

Ed: GRCC (I am currently a Director on the Board for the Alumni Association); paralegal; Interior Design degree from Harrington School of Design, Chicago, IL. I am divorced, remarried, and a widow of 2 yrs. I have 2 sons - Joel Stefan (30) in Schaumburg IL (a computer technology guru) and Nathan Jon (27) in Portland OR (Marketing Manager for Nike outer-wear gear). They are the DELIGHTS of my life! Career(s) - Paralegal in GR until 1969, married the father of my children, and then lived in Buenos Aires, Argentina for 4 yrs. Have traveled extensively over the years. Moved back to Oak Brook, IL (Chicago area) after Argentina and worked and traveled for GTE Airfone in Sales for 5 years. Was divorced, then bought an existing interior design business and had my own business for 10 yrs. in Oak Brook IL. I moved back to MI in 1995 when my mother became ill. Remarried in 1997 - a Grand Haven gentleman, David Walcott. David passed away in 2000. I decided to stay in the West MI area, and currently I am Corporate Administrator for a manufacturing company in Muskegon, MI, where I also reside in a condo above the Harbour Towne Marina and live one block from the Lake. Beautiful area! I am interested in keeping in touch with all of you who are interested. Who is the person who worked with me at Peck's Drugs????????? Contact me.

Sandy, you & I worked at Peck's drugs together. If you remember, leave me a message. Alright mystery person. I concede. My memory is at a loss. Who are you? Write me at email above. I am REALLY curious now!!!!!! Where you at the reunion? I was able to go at the last minute. It was great!

Will update later.

WOW!!!!!!Has it been 40 years.....seems like yesterday.

I have been married to Kathleen for 36 years and we have three sons, Todd 35, Eric 32 and Ryan 30 all of whom live within a few miles. We have 4 grandchildren who are the Sun and Moon of our lives. I play a lot of golf and tennis plus fly fish and bird hunt, all with my boys. It has been a GREAT life with more to come!!!!

After graduating from Willim Penn College, I worked for Baxter labs for 13 years, first in Salt Lake City then on to San Francisco and finally Southern California where we settled for the past 24 years. For the past 20 years I have owned and operated a real estate company dealing with the ownership and management of apartments buildings and shopping centers.

I still have trauma from the bug eyes of Mrs Lens, the latin teacher.....Did they offer Spanish back then????? That I could really use now!!!!!!!!!! Not many out here speak Latin...I regret not keeping in touch with more of my classmates....those were good friends and good times!!!!!!!!!!!!!!!!!!

Living an exciting single life, with 2 grown, married sons and 3 grandchildren. I visit Michigan and Texas to see the kids several times a year. In the past 5 years, I have taken extensive backpacking trips into the mountains in Wyoming, California, Washington, Montana & Costa Rica. Also kayaked the Snake in Idaho and helped sail a tall ship in the West Indies. In addition I do a lot of golfing and biking.

Currently the Director of the Eric P. Newman Education Center at Washington University Medical Center in St. Louis. This is a high-tech conference center specializing in medical education and management meetings.

It's been sooo long ago. When I looked through the class pictures, I thought about how young we were. Wow, was I clueless!! But I have always remembered Mr. Coleman and his "philosophizing." Some of those "words of wisdom" have gotten me through some tough times. If any of you are ever in St. Louis, please give me a call.

No grandchildren. Kids live in CO, MI, CA and OR. We lived in Sacramento, CA, AlKhubar, Saudi Arabia, returned to MI in '86. Have worked for every kind of business imaginable, left corporate work to be domestic engineer to raise kids, horses etc. Currently full time Reliv International distributor, working on major remodel in house, artist when I squeeze it into my schedule and rest of time spent fishing and hunting and occassionally guiding with my dogs.

The separation from friends I knew since 1st grade was the most difficult of my life. The incredible kindness of Mr. Black as a counselor. The whole process of the four years and how hard it hit that it was coming to an end. Walking down the aisle with Richard Harraburda who made me laugh instead of cry. The friendships that have endured all of life's twists and turns, though we be apart many years at a time. Thank you one and all.

Was a stay-at-home mom until Sandra went into the 8th grade, then worked as a temporary. Before that raised Chinese Shar Pei for seven years and showed them. Since 1990 have worked at a community bank here in Greensboro.

One thing that has always stuck in my mind is Miss Lally telling me to be myself and not try to be like everyone else. It has brought me through many years and I like being myself.

Married, two college educated and gainfully employed sons (ages 27 & 30) by first marriage (15 years, 1965-1980), two college educated and gainfully employed stepdaughters (ages 28 & 31) by second marriage (21 years, 1981 and still going strong), two step-granddaughters, born in Oct. and Nov., 2001. Have seen enough of other parts of the world to satisfy my curiosity. May travel more after retirement. (If you actually read this and remember me, even remotely, since my picture is not in the yearbook, send me an email. I'd like to hear from you, teachers included, if any of you are still around.) Who was the short guy with big arms who used to throw kids up against the lockers in the hallway? What was the name of our English teacher who directed the school newspaper?

USAF 1962-66. College and part time employment ranging from almond ranching to accounting, 66-72, BA, MA, English, language arts and business. Teacher of English, reading and language arts, Grant Joint Union High School District, Sacramento, California, 1973-present. Past President of Grant District Education Association (10 yrs). Self-employed labor negotiator and part-time labor arbitrator for the state of CA. Will retire from teaching in 2004 or 2005. My greatest enjoyment at Creston was being the second page editor of the Falcon Press (or was it Falcon Times) school paper in my senior year.

Celebrated 30th anniversary with Janet on 06/22/02. We both retired from the Detroit Police Department in 1990 and moved to Texas. All four daughters were heavily involved in Texas high school and collegiate sports. Kristin is now a high school biology teacher and thinking about getting her Ph.D. Jaime is a marketer for Motorola and pursuing her MBA. Lindsay is a soccer coach and a grad student. Staci is finishing her Bachelor's degree. My mother moved to Texas in 1992. Two Grandchildren (Kelsey and Garrett) and sons-in-law (Jason and Michael) make up the rest of the family. All four children and their families live within 15 miles of us.

Joined the Detroit Police Department after graduating from the University of Michigan. Earned MA from University of Detroit and Ph.D. from University of Michigan while assigned to the Tactical Unit where I spent most of my career. Was assigned to an international counter-terrorist operation in Bonn, West Germany in 1985. Accepted a faculty appointment to teach criminal justice at Southwest Texas State University (25,000 students) in 1990. Continued in the same field but now as a teacher, researcher, and consultant writing thirty articles and three books on various aspects of tactical operations. Retained by the Department of Justice to conduct an independent investigation of the Branch Davidian incident. Appeared on FOX News and History Channel after September 11 attacks.

Learning a love for language from Sadie Stowell and Aida Rens, developing a fondness for literature from Helen Beuker and Lucy DeLoof, and learning about mental/physical preparation and how to push myself from Joe McGee.

Married to Mary Ann Cheney. I have one daughter, Darcyn, married and living in the San Francisco area. They're proud 'parents' of a rescued greyhound. Mary Ann and I love traveling, especially to Hawaii, where we try to visit each year.

After stints in radio and television, teaching school and helping run a family busiess, I spent 18 years at Amway Corp. Left there to 'do my own thing' doing corporate meeting consulting and residential real estate sales. In '95 returned to the world of 'real' paychecks, opening and running the regional office of the Leukemia Society of America. Left there late in '97, joining Aquinas College as the Director of Business and Corporate Development. In July went to Nextel Communications as the Marketing Events Manager for all of the state, except Detroit.

Divorced from college professor, '95. Recent early retirement from 22 years of Spectrum Health management. Love international and domestic travel. No children, three furry housemates, Fred, Fritz and Frank. Enjoying a wonderful, rich life and delightful people. Life has never been so good! Walked the beach and waded in Lake Michigan yesterday (9/30/02). Volunteering at Delta Strategy, SECOM, GREAT, Dorothy Swift Guild (Butterworth), Gilda's Club (Dorothy and the Chocolate Factory, 2 x per month), etc. Starting saging workshops. Love to (and spend time doing), cook, bake, garden, read, learn and nurture. Starting a new business, part of what I did at SH for 13 years.

Aida Rens, the reason for taking 4 years of Latin. Gene Blossom for making biology interesting. Many memories of people I haven't run into for 40 years. This is my first reunion!

During a parent open house my first year of teaching at Northview High School, I asked the parents if they had any questions. I heard a loud voice from the back of the room say, "I want to know what you're teaching my son." The room was silent, as I looked at the source of the loud voice. It was Mr. Collison (my favorite teacher), and I was teaching his son, Tim! He stood up and we had a good hug!

Taught English and Drama at Northview High School, Gifted English and Drama in Kissimmee, Florida. Married a New Englander, and relocated. Became National Administrator for the Scleroderma Foundation, a non-profit health organization raising research money, patient support, chapter services, national health advocacy, headquartered in Boston. Now semi-retired in the lakes region of New Hampshire, with my husband, Gordon, two dogs, and a quilt design business to keep me off the streets and out of trouble! Occasional visits from moose, bear, and mountain lions perk things up!

Going out to eat Chinese in our Chinese outfits after the variety show. Mr. Collison, Mrs. Rens, and all my friends from Horizon Club.

I was married for 21 years--been single for 12. Have three grown kids: Chris(31) here in Michigan; Dan(29) Airborne ARMY in Louisiana; and Robin(25) in Miami. No grandkids to date. I have lived on Brooks Lake in Newaygo for the past 9 years.

Worked for G.M. & Delphi Corporation for 30 years--took early retirement in the fall of 2000, and currently run a network marketing business from my home with Reliv International.

We(I) should have been alot nicer to Mr. DeVoe. He was a really sincere guy and had more patience with me and my cocky antics than was deserved. But then, what did I really know about life while in High School? Heck--I'm 57 and there's still much that I need to learn--think there's hope?

Wonderful wife, I have served 38 years of a life sentence, 2 great kids and 5 grandchildren, all girls, oh well. Hobbies, I like to hunt and fish. To keep in shape I work out on the Nordic Track, Cross Country Ski and in the summer I try cycling. If you live In southern Kent County give me a call and we can do a century some Saturday morning.

Good job, same company for 39 years. Knap & Vogt Mfg. Co. Quality Assurance CQT.

- husband is David Soet, 3 kids Peter, Johanna and Richard, 1 grandchild and 9 grand nieces/nephews who qualify as well!!!  
David and I have enjoyed traveling to many interesting and varied countries. We have also enjoyed a 'few' wonderful dogs and cats and a racoon or two!! (to rehab!)

My career (education in Criminal Justice) was spent with the Humane Society of Kent County first as the cruelty investigator and then as Executive Director. Due to huge differences with some toxic board members I retired early - not because I wanted to. I then became a founding board member of the organization

C-SNIP, Community Spay/Neuter Initiative Partnership, a low cost, mobile, spay/neuter clinic. It has been set up to serve the low income and working poor, but the main criteria being, if it weren't for C-SNIP, for whatever reason, a person would not be able to sterilize their companion animal. The goal is to reduce the horrific problem of pet overpopulation. I also am a tap dancer! I can do a mean soft shoe. A group of women (Type A Tappers) have been tapping together for 11 years (free recital every May at Ottawa Hills in case you need to be reminded of the important things in life!! - and guess what - a party follows!)

We have, among other things, found that tap dancing is much cheaper than professional therapy.

the things I learned at Creston turned out to be very valuable in my life's journey - none of which were learned in the class room. I have had more fun getting to know class mates through the planning of this reunion than all of the fun at CHS!! Wish I'd known everyone better then!!!!!!!!!!

Married for 37 years to Bryan Robbins. We have three children and now have 6 grandchildren. We spent 12 years living in Alaska working with The Salvation Army and moved to Colville WA in 1979 when our children were old enough to go to High School because there was no High School for them to go to in Alaska. We have lived here since then. We thank God for the many years of His blessing on our home & marriage.

I know this is hard to believe but I've been married for 31 years to my beautiful bride(my second wife)My first wife was during Viet Nam and that was tough.I have a 35 year old son who is Gay so I don't expect any grandchildren from him. I have a daughter who is 27 and is brilliant. She obviously didn't get her brains from her father. She has a masters and is working on her doctorate in education. She is the educational director of Child Help USA. My wife and I travel all over the Western part of the US. California & Hawaii mostly.Last year we spent time in Austria which is heaven on earth.If you haven't been to Vienna go there it is magnificent.

I lived in Michigan until I was 49. I was Store Director at the Old Rogers Distributing until 1978. I went on the road in 1979 and loved it. I was VP of sales and marketing for the Dileco Corporation in Muskegon until I left for California in 1993. Currently I am the Local Sales Manager for the ABC affiliate in Palm Springs,CA. I love it here especially the summers when it's 110 degrees. If it gets too hot we go to the coast which is about 2 hours away. I wish that I would have moved to California right out of High School.

The things I remember about Creston were the terrific people that were so caring. We were all nice to one another and really didn't realise how good we had it. I miss a lot of you-Sandy Janes, Meissa Darling, Linda Wynekoop, Ann Sullivan. Remember Earl Ezell? How about big John KLomparens, Leon Stadt, Tom Ross, Jim Young, Paul Pearson and shouldn't we all give a big Thank You to C.J. Schroll for assembling this sight? GREAT JOB CEEJ.

Occupational therapist by training, also certified social worker. Worked for many years with adults with severe and persistent mental illness. Currently with HHS, Health Options as Director of Long Term Care Programs. Thinking about retiring for travel and finally getting decent at golf(if that is possible).

Lots of laughs, many dear friends; we did have so much fun!! I have been to all the other reunions but will not be able to attend this one. I will miss seeing everyone especially Nelda.
